PARTIES

4. Plaintiff is a Nevada Limited Liability Company, and debtor within the captioned bankruptcy case, having filed a voluntary petition for relief under Chapter 11 of the Bankruptcy Code, and at all times mentioned herein is the owner and purchaser of real property located at APN: 081-140-023 ("Property"). The legal description of said property is:

12 5. Plaintiff as the Debtor in Possession has standing to bring this action pursuant to 11
13 U.S.C. § 323 and § 1107.

14 6. Defendant Coastal Band of the Chumash Nation with its listed address of 315 N
15 SOLEDAD ST, SANTA BARBARA CA 93103. It may also be served through the registered agent at
16 TONI CORDERO, 4764 ASHDALE ST, SANTA BARBARA CA 93110.

17 2. Defendant SOUTHERN CHUMASH OWL CLAN, a California unincorporated
18 association with its address 48825 SAPAQUE VALLEY ROAD, Bradley, CA 93426.

19 3. Defendant Chevron USA, Inc. is a Pennsylvania Corporation with its principal
20 headquarters address listed with the California Secretary of State as 6001 BOLLINGER CANYON
21 RD V2322, San Ramon, California 94583. And its registered agents address is The Prentice-Hall
22 Corporations Systems, Inc., 2710 GATEWAY OAKS DR STE 150N, Sacramento, California 95833.

23 4. The Defendants herein named as "all persons claiming by, through, or under such
24 person, all persons unknown, claiming any legal or equitable right, title, estate, lien, or interest in the
25 property described in the complaint adverse to Plaintiff's title thereto" ("Unknown Defendants") are
26 unknown to Plaintiff. These Unknown Defendants, and each of them, claim some right, title, estate,
27
28

1 lien, or interest in the Property adverse to Plaintiff's title; and their claims, and each of them, constitute
2 a cloud on Plaintiff's title to the Property.

3 **ALLEGATIONS COMMON TO COMPLAINT**

4
5 5. An actual controversy has arisen and now exists between plaintiff and defendants
6 concerning their respective rights and an interest in land and restrictive deeds mentioned above in that
7 plaintiff contends that the restrictive covenants in instrument numbers 99-021850 and 99-021851 are
8 void, against public policy, burdensome on plaintiff's land, and that defendant failed to file a power of
9 termination within five years from a breach of covenants that were breached in June 2005.

10 6. On October 29, 2013, Plaintiff purchased property from Southern Chumash Owl Clan
11 free and clear of any restrictions, claims or interest and absolute title was conveyed.

12
13 7. On or about July 7, 2014, Plaintiff received a title report from WFG Title. On the same
14 date Plaintiff became aware of discriminatory restrictive covenants and restrictive covenants
15 prohibiting the property from being used for commercial, industrial or residential purposes, which
16 affects title to Plaintiff's property and are burdensome and of zero benefit to the property and its legal
17 owners. Additionally, there is a reverter clause that, should the original grantee [Coastal Band of
18 Chumash Nation] breach the discriminatory covenants the property would revert back to Chevron.

19 8. Chevron has not sought a power of termination despite breaches of the "use
20 covenants", which occurred more than 8 years ago. The property has been used for commercial
21 purposes by the Coastal Band ("CBCN") since June 2005, and prior to the transfer to Southern
22 Chumash Owl Clan; this property was often used for storage of vehicles and flea markets or junk sales
23 rendering its use commercial.

24
25 9. Chevron maintains an idle plant of some sort within one mile of the Plaintiff's
26 property, which has no apparent activity and only a skeleton crew working to maintain what is on that
27 site.
28

1 10. In the early 1980's Norman Paulsen the founder of Sunburst Natural Foods, Inc.
2 swapped to the Coastal Band of the Chumash Nation fka the Brotherhood of the Tomol ("CBCN") a
3 20 acre parcel of land that had favorable zoning and was not zoned agriculture but commercial or
4 industrial. Chevron was assembling a series of parcels, which included the 20 acre parcel that was
5 traded/swapped with the CBCN. Chevron was attempting to build a Plant, which was ultimately built.
6 The current plant of Chevron is approximately one mile from the Debtor's subject property and
7 appears to be not in operation as of the date of this complaint.
8

9 11. The purpose of these restrictions appears to be a burial ground in the southern portion
10 of the property, which is protected by Agreement and by SBa 1954. However, a lot line adjustment
11 was done to protect specific property (the "Burial Ground") and appears to have surreptitiously,
12 included the entire parcel of land. Based upon the agreement dated February 24, 1994, which is an
13 "Agreement for and Declaration of Protective Covenant" which was recorded in the real property
14 records of Santa Barbara County, California as instrument number 94-037784 on May 3, 1994, this
15 agreement only purports to restrict the protected portion of the property but not the entire parcel. See
16 Exhibit A.
17

18 12. On or about September 14, 1998, Chevron then made the necessary lot line adjustments
19 and recorded the Corporation Grant Deed on March 18, 1990 as instrument number 99-021850. See
20 Exhibit B. This deed contains discriminatory covenants and burdensome restrictive use covenants that
21 are against public policy and were not of any benefit to the original Grantee, the Land, or the current
22 owner. The restrictions appear to have only benefited Chevron. Chevron in sum received unrestricted
23 property of value and traded property of zero value as long as the restrictions were present. These
24 restrictions were never contemplated in the Original Agreement mentioned in paragraph 9 above. No
25 consideration of value was ever given to CBCN by Chevron for the restrictions.
26
27
28

1 13. On or about September 14, 1998, CBCN quit claimed to Chevron and recorded the
2 Quit Claim Deed on March 18, 1990 as instrument number 99-021851. See Exhibit C. This deed
3 contains discriminatory covenants and burdensome restrictive use covenants that are against public
4 policy and were not of any benefit to the original Grantee, the Land, or the current owner. The
5 restrictions appear to have only benefited Chevron. Chevron in sum received unrestricted property of
6 value and traded property of zero value as long as the restrictions were present. These restrictions
7 were never contemplated in the Original Agreement mentioned in paragraph 9 above.
8

9 14. Additionally, Chevron duped CBCN into granting Chevron oil, gas, and other mineral
10 rights, which have never been put to any beneficial use. Plaintiff seeks to void and quiet title and strike
11 the entire deed recorded as instrument number 99-021851.
12

13 15. On September 14, 1999, CBCN and Chevron entered into a Water Use Agreement,
14 which Chevron has never put to beneficial use and as such the agreement is of no benefit to Chevron
15 or Plaintiff, but restricts Plaintiffs use to its well on the property that is currently capped. See Exhibit
16 D. Plaintiff seeks to quiet title and void the water use agreement recorded on March 18, 1999 as
17 instrument number 99-021853.
18

19 16. The Deeds mentioned in paragraphs 12 and 13 includes a reverter clause, which this
20 complaint seeks to void and quiet title to Plaintiff.
21

22 17. The restrictions in paragraphs 1 and 2 of instrument number 99-021850 do not increase
23 the property value.
24

25 18. Today the property value with the restrictions has a value of \$0.00. Without the
26 restrictions the property has a land value of \$5,000,000.00 based upon an appraisal conducted May 1,
27 2013.
28

1 19. The highest and best use for the subject property is for residential use and is its only
2 zoned use as ascertained by the Santa Barbara County Article II Coastal Zoning Ordinance published
3 January 2014.

4 20. An action for violation of a restriction, as defined in Cal. Civ. Code § 784, must be
5 commenced within five years [Cal. Code Civ. Proc. § 336(b)]. Under § 784, “restriction” means a
6 limitation on, or provision affecting, the use of real property in a deed, declaration, or other
7 instrument, whether in the form of a covenant, equitable servitude, condition subsequent, negative
8 easement, or other form of restriction [Cal. Civ. Code § 784].

9 21. The Original Agreement of the parties was to only restrict the portion of property
10 where in fact a small Indian burial plot was known in the southern portion of the property. A lot line
11 adjustment was subsequently accomplished and a protective covenant was duly recorded. However,
12 looking at the deeds filed in 1999 unreasonably burdens the entire property, which the burial plot is
13 not even a part of the current parcel.

14 22. Reversion clauses generally are disfavored and therefore are interpreted strictly to
15 prevent their exercise. See, e.g., *Springmeyer v. City of S. Lake Tahoe*, 132 Cal. App. 3d 375, 380-82,
16 183 Cal. Rptr. 43 (1982).

17 23. A declaratory relief action is an appropriate means to test the enforceability of
18 covenants or servitudes asserted against the plaintiff’s property. *Marra v. Aetna Construction Co.*
19 (1940) 15 Cal. 2d 375, 377, 101 P.2d 490; *Ross v. Harootunian* (1967) 257 Cal. App. 2d 292, 294, 64
20 Cal. Rptr. 537; see Code Civ. Proc. § 1060.

21 24. Restrictions in the form of otherwise valid equitable servitudes may be terminated by a
22 court’s determination that, for equitable reasons, the restrictions should no longer be enforced. See
23 *Hess v. Country Club Park* (1931) 213 Cal. 613, 614–616, 2 P.2d 782 (declaratory judgment); *Marra*
24 *v. Aetna Construction Co.* (1940) 15 Cal. 2d 375, 377, 101 P.2d 490 (quiet title).

1 25. Decisions in California Courts have been interpreted that a burdensome covenants
2 contained in a deed which in no way benefits the property conveyed is not binding at law upon the
3 transferees of the grantee. See *Los Angeles Terminal Land Co. v. Muir*, 136 Cal. 36 [68 Pac. 308];
4 *Breese v. Dunn*, 178 Cal. 96 [172 Pac. 387]; *Werner v. Graham*, 181 Cal. 174 [183 Pac. 945]; 4 So.
5 Cal. L. Rev. 343, 355. Since the restrictions involved here are of no conceivable benefit to the
6 property, it is clear that they are not binding upon the Plaintiff at this time.

7
8 26. Plaintiff asserts that the restrictions in the Deeds mentioned above are personal in
9 nature and based upon the language in the Deeds only bound CBCN and did not intend to have any
10 binding effect beyond the immediate parties to the instruments.

11 27. Determination of whether a covenant is personal, runs with the land, or is enforceable
12 as an equitable servitude rests on the resolution of factual matters such as intent, notice, and equitable
13 factors. *McCaffrey v. Preston*, 154 Cal. App. 3d 422, 436, 201 Cal. Rptr. 252 (1984).

14
15 28. For a covenant to be binding it must benefit the property. But not one that burdens the
16 property. The covenants described in the deeds do not enhance or increase the value of the land.

17 29. Covenants which burden the covenantee/grantee's land will not bind subsequent
18 transferees. See *Taormina Theosophical Community, Inc. v. Silver* (1983, Cal App 2d Dist) 140 Cal
19 App 3d 964, 190 Cal Rptr 38, 1983 Cal App LEXIS 2581.

20
21 30. For covenants to be enforceable they must meet the following requirements: (1) the
22 covenant must concern some act on the covenantor's property; (2) the covenant must be for the benefit
23 of the covenantee; (3) the covenant must state it is binding on the assigns of the covenantor, and (4)
24 the covenantor and covenantee must be owners of the land at the time the covenant is made.

25 31. Plaintiff asserts that none of these elements were ever met in the original deeds
26 restricting such use.

1 32. It is unlawful to discriminate through public or private land use practices, decisions,
2 and authorizations because of race, color, religion, sex, gender, gender identity, gender expression,
3 sexual orientation, familial status, marital status, disability, genetic information, national origin,
4 source of income, or ancestry. Discrimination includes, but is not limited to, restrictive covenants. See
5 Cal. Gov. Code § 12955(l).
6

7 33. The restrictions in the deeds mentioned above restrict the property based upon religion,
8 race, national origin and ancestry and are thus illegal restrictions.

9 34. The breach of these restrictions is premised upon the property being only used for the
10 Chumash people and origin for their religious purposes.

11 35. Plaintiff is not Chumash.

12 36. The Coastal Band of Chumash Nation, Inc. is not a federally recognized Native
13 American Indian tribe.
14

15 37. The Southern Chumash Owl Clan, a California unincorporated association is not
16 federally recognized Native American Indian tribe.

17 38. See Exhibit E for a list of Native American Tribes that are recognized in the most
18 recent Federal Register published, but the organizations in paragraph 33 and 34 are not listed.

19 39. An actual controversy has arisen and now exists between plaintiff and defendants
20 concerning their respective rights and an interest in land and restrictive deeds mentioned above in that
21 plaintiff contends that the restrictive covenants in instrument numbers 99-021850 and 99-021851 are
22 void, against public policy, burdensome on plaintiff's land, and that defendant failed to file a power of
23 termination within five years from a breach of covenants that were breach in 2005.

FIRST CLAIM FOR RELIEF

DECLARATORY RELIEF [FED. R. BANK. 7001]

[CHEVRON]

40. Plaintiff hereby incorporates by reference each and every one of the preceding paragraphs as if the same were fully set forth therein.

41. Plaintiff alleges that at the time the restrictive covenants were recorded, the property was in an unincorporated rural area devoted to agricultural and residential use.

42. Enforcement of the restrictions against plaintiff's parcel would no longer serve to benefit and effectuate the purposes of the restrictions with respect to the other parcels in the area, nor would it be of any substantial benefit to the remaining properties in the area.

43. Continued enforcement of the restrictions described above against plaintiff's parcel is unjust, oppressive, and inequitable, in that such enforcement will not materially benefit any of defendants yet will greatly diminish the value of plaintiff's property and furthermore cause irreparable injury to plaintiff, in that plaintiff's property is rendered valueless and plaintiff is ready, able, and willing to improve his/her parcel for the purpose of building a residential home and, if prevented from doing so, will be deprived of a unique investment opportunity.

44. Pursuant to Cal. Gov. Code § 12955(l) that the restrictive covenants related to the Chumash ancestral group of people, origin and religious and cultural purpose are void and against public policy.

45. Chevron had known and reasonable knowledge that the use covenants were being breached on or about June of 2005, since Chevron's plant is within such close proximity of the subject property that their failure to file a power of termination within five years from the breach is time barred. And that Chevron's potential claim for its reversionary interest is thus time barred.

1 46. An actual controversy has arisen and now exists between plaintiff and defendants in
2 that plaintiff contends that the restrictions described above are no longer binding or enforceable in
3 equity, whereas defendants dispute these contentions and contend that the restrictions are valid and
4 enforceable.

12 46. Plaintiff alleges that both the Coastal Band of Chumash Nation and Southern Chumash
13 Owl Clan are not Federally recognized Native American Indian Tribes.

14 47. Plaintiff desires a judicial determination based upon the published Federal Register

AGREEMENT FOR AND DECLARATION OF PROTECTIVE COVENANT

THIS AGREEMENT is made by and between CHEVRON U.S.A. PRODUCTION COMPANY, a division of CHEVRON U.S.A. INC., a Pennsylvania corporation, (hereafter "Chevron"), the Coastal Band of the Chumash Nation, Inc., a California nonprofit corporation, (hereafter "CBCN") and Mr. Paul Brinkman (hereafter "Brinkman").

RECITALS:

1. Chevron was the owner of that certain entire parcel of real property located in Santa Barbara County, California, described as assessor's parcel #81-140-15 and commonly referred to as the "Smith Parcels."

2. On or around July 27, 1987, Chevron executed and delivered to CBCN a corporation grant deed conveying to CBCN a portion of the Smith Parcels, for so long as that real property is used for religious or cultural purposes. The portion conveyed included a registered archeological site, known as SBa 1954, the southernmost portion of which archeological site (hereafter "Protected Land") is the subject of this agreement for a protective covenant. That deed (hereafter the "1987 deed") was given to the CBCN, but was lost and never recorded.

3. On or about October 30, 1987, Chevron and Brinkman entered into a memorandum of agreement concerning a lot line adjustment (hereafter "Brinkman MOA") whereby, among other things, subject to ratification by the CBCN, Brinkman would be deeded a portion of the Smith Parcels, which portion included SBa 1954, and Chevron would be deeded an equal amount of land behind its plant and north of the Sunburst property for a water tank site and an air monitoring station. Brinkman is the owner of assessor's parcel numbers 81-140-20 and 81-130-51.

4. On December 1, 1987, CBCN and Chevron entered into a memorandum of agreement concerning a lot line adjustment (hereafter the "CBCN MOA") whereby the CBCN affirmed, ratified and approved a lot line adjustment affecting a portion of the Smith Parcels, which portion included SBa 1954, subject to Chevron amending the Brinkman MOA to include a covenant running with the land to preserve SBa 1954.

5. On December 3, 1987, Chevron and Brinkman entered into an amendment to the Brinkman MOA acknowledging and affirming the importance of and need for respect for

SBa 1954 as a religious and ceremonial site for the CBCN. Brinkman, as proposed grantee/covenantor of the real property containing SBa 1954, acknowledged and understood that a covenant running with the land was binding on him, his successors, heirs, legatees, devisees, administrators and executors. Further, Brinkman, as future title owner, agreed to an affirmative duty to preserve and not to disturb SBa 1954 in any manner other than to cap the existing access road to his residence which crosses SBa 1954.

6. On September 12, 1992, CBCN and Chevron entered into an amendment to the CBCN MOA (hereafter the "CBCN AMOA"). One provision of the CBCN AMOA provided that Chevron agree to execute and record a Declaration of Protective Covenant to preserve SBa 1954.

7. On November 3, 1992, Chevron and Brinkman entered into another amendment to the Brinkman MOA (hereafter the "Brinkman AMOA"). One provision of the Brinkman AMOA gave Brinkman additional land from the Smith Parcels. Another provision provided that a protective covenant would be placed on the prior portion of the Smith Parcels to be deeded to Mr. Brinkman to preserve SBa 1954.

8. The intended lot line adjustment referenced above was never consummated due to disagreement among the parties. This disagreement resulted in the commencement of litigation on December 23, 1992, by CBCN against Chevron and Brinkman, entitled *Coastal Band of the Chumash Nation, Inc. v. Chevron U.S.A., Inc., et al.*, Santa Barbara Superior Court No. 195192. The parties have now resolved that litigation and their differences in an agreement entitled *Compromise Settlement Agreement and Mutual Release of All Claims*, which fully and finally resolves, concludes and settles all matters between them concerning or in any way related to the above recitals (and all agreements referenced therein) and the subject matter of the complaint in the referenced litigation, and includes agreement about this protective covenant.

9. It is the desire and intention of Chevron, CBCN and Brinkman, as past, present and future owners of the real property upon which the Protected Land is situated, to subject the Protected Land, located on the southeastern edge of the Smith Parcels' southernmost portion, to certain conditions, covenants and restrictions upon and subject to which all of said Protected Land shall be held, maintained and conveyed.

NOW THEREFORE, in consideration of the mutual promises of the parties hereto, and other valuable consideration acknowledged by all parties to be adequate, each to the others as covenantors and covenantees, and expressly for the benefit of and to bind their successors-in-interest, the said parties agree as follows:

I. PURPOSE AND APPLICATION

1. The purpose of these restrictions is to ensure that cultural resources located on the Protected Land are preserved in perpetuity, to prevent the erection of structures on the Protected Land and to provide and maintain in a manner harmonious with the Protected

Land certain existing utility lines, gas or water lines, fences and roads.

2. The Protected Land shall be held, conveyed, rented, leased, encumbered, used and occupied subject to the conditions, covenants, restrictions and limitations hereinafter set forth, which shall bind all parties having or acquiring any right, title or interest in the Protected Land or any part thereof, and shall apply to and bind the heirs, assignees and successors in right, title or interest thereof.

II. DEFINITIONS

1. "Protected Land," which is subject to the protective covenants described herein, shall mean and include the southernmost portion of SBa 1954 adjacent to and south of the Brinkman access road, located on the southeastern edge of the Smith Parcels described in Exhibit "A" (attached hereto) and north of the adjoining property owned and maintained by the State of California for Highway 101.

2. "Smith Parcels" shall mean and include assessor's parcel #81-140-15, Santa Barbara County, as shown on Exhibit "B" attached hereto, a portion of which includes the Protected Land.

3. "Improvements" shall mean and include but not be limited to roads, power lines, buried cables, fences, gas or water lines, pipelines or other developments as defined in the Coastal Act, except for the repair or maintenance of those improvements that may be required by any local, State or federal agency.

4. "Cultural resources" shall mean and include all burials, burial artifacts or other artifacts associated with the Chumash Indian culture, Chumash Indian being a Native American tribe of the central coast of California.

III. CAPPING, REGULATION OF IMPROVEMENTS AND MAINTENANCE

1. The Protected Land will be "capped" or covered by Chevron, a licensed contractor, or other entity acceptable to CBCN at Chevron's cost with a one-foot layer of topsoil or other material suitable to sustain vegetation for the purpose of protecting cultural resources at this site. Chevron shall not be responsible for providing such vegetation or the cost thereof. The capping will be done in a manner to mitigate unreasonable impacts on the Protected Land. CBCN will be allowed to monitor the capping, but at no cost to Chevron.

2. All repairs or maintenance to any improvements on the Protected Land shall be in compliance with all applicable local, state and federal regulations and shall be subject to the restrictions contained in this covenant. No excavation, or other activities that may cause earth disturbance, or the removal or dislocation of cultural artifacts, shall occur on the Protected Land except in connection with the repair or maintenance of improvements now on the Protected Land or as may be required by a local, state or federal agency. Grazing of cattle or activities of similar impact on the Protected Land shall not be considered "earth

disturbance."

3. In the event that any such allowed activities may foreseeably cause substantial earth disturbance or the removal or dislocation of cultural artifacts, reasonable efforts shall be made to avoid and mitigate these impacts. The CBCN shall be consulted regarding said mitigation measures, and a CBCN representative shall monitor the activity and mitigation effort at CBCN's sole cost.

IV. ENFORCEMENT

A. Notice of Objection and Suit.

1. Violation or breach of any restriction herein contained shall give to CBCN only the right to post a written notice of objection at the main entrance gate to Brinkman's property or to enter upon the Protected Land at reasonable times, or when objectionable activities are occurring, to serve such a notice of objection. The agreed effect of such notice will be to suspend and stay the objectionable activities on the Protected Land forthwith pending the immediate prosecution of and ruling from a proceeding at law or in equity against the owner, lessee or other person or persons who may have violated or are attempting to violate any of these restrictions on use of the Protected Land, to enjoin or prevent them from doing so, to cause said violation to be remedied, or to recover damages for the violation, if such violation is established pursuant to law. Chevron will have no contractual or legal right, obligation or responsibility to enforce this Agreement or covenant and will not be subject to suit or liability for any potential dispute concerning, or breach or violation of, this Agreement or covenant by others.

2. The result of every action or omission whereby any restriction on use of the Protected Land herein contained is violated in whole or in part is hereby declared and agreed to be and to constitute a nuisance, and every remedy allowed by law or equity against an owner, lessee, tenant or other user of the Protected Land, either public or private, shall be applicable against every such result and may be sought and enforced by CBCN.

3. In any legal or equitable action for the enforcement of, or to restrain the violation of, this covenant or any provisions hereof, the losing party shall pay the reasonable attorneys' fees of the prevailing party, in such amount as may be fixed by the court in such proceedings. All remedies provided herein or at law or in equity shall be cumulative and not exclusive.

B. Failure to enforce not a waiver of rights.

1. The failure of CBCN to enforce any restriction herein contained shall not be deemed to be a waiver of the right to do so thereafter nor the right to enforce any other restriction.

V. OTHER

A. Constructive Notice and Acceptance

1. Every person who now or hereafter owns or acquires any right, title, estate or interest in or to any portion of said Protected Land is and shall be conclusively deemed to have consented and agreed to every covenant, condition and restriction contained herein, whether or not any reference to this Agreement or covenant is contained in an instrument by which such person acquired an interest in the Protected Land.

B. Paragraph Headings

1. Paragraph headings are inserted for convenience only and are not intended to be part of this covenant or in any way to define, limit or describe the scope of or intent of the particular paragraph to which such headings refer.

C. Effect of Invalidation

1. If any provision of this Agreement or covenant is held to be invalid by any court of proper jurisdiction, the invalidity of such provision shall not affect the validity of the remaining provisions hereof.

IN WITNESS WHEREOF, the undersigned have executed this Agreement and covenant on the 24th day of February, 1994.

WATER USE AGREEMENT

THIS AGREEMENT ("Agreement") is entered into as of 9-14, 1998, by and between COASTAL BAND OF THE CHUMASH NATIONAL, INC. ("CBCN") and CHEVRON U.S.A. INC. ("Chevron").

WITNESSETH

WHEREAS, CBCN is the owner of certain real property located in the unincorporated area of the County of Santa Barbara, State of California, more particularly described in Exhibit "A" attached hereto and incorporated by reference, hereafter sometimes referred to as the "Property," the "Premises" or the "CBCN Property";

WHEREAS, The Property contains a water well commonly known as Smith Well #2, hereinafter sometimes referred to the "Well";

WHEREAS, Chevron is the owner of certain real property located in the unincorporated area of the County of Santa Barbara, State of California, more particularly described in Exhibit "B" attached hereto and incorporated by reference, hereinafter referred to as the "Smith Property";

WHEREAS, CBCN desires to grant a license to Chevron to use water from the Well, and Chevron desires to acquire use of the Well, and easements necessary to use water from the Well for the Smith Property;

WHEREAS, CBCN and Chevron further desire to limit the ground water extractions in Canada de las Zorilas Watershed as provided in this agreement, including a restriction on pumping by Chevron and CBCN.

NOW THEREFOR, FOR VALUABLE CONSIDERATION, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

CBCN does hereby grant to Chevron a license to extract water from Well #2 in an amount equal to the difference between the yearly safe yield that may be withdrawn from the Well, as that amount is determined by methodology approved by Santa Barbara County, and 2.39 acre feet per year. If the safe yield is at any time 2.39 acre feet or less, Chevron or its successors or assigns shall not be entitled to withdraw water from the Well. Chevron's right to extract water shall be limited to providing water for drinking, hygiene, agriculture and other normal use which may be permitted on the Smith Parcel. Chevron may not use the property for any other purpose or business without obtaining CBCN's prior written consent.

CBCN does not warrant the specific quantity or quality of water available from the Well.

CBCN retains the right to withdraw up to two and thirty-nine hundredths (2.39) acre feet of water per year from the Well for use on the CBCN Property.

CBCN agrees not to drill any Well on its property in the Watershed which would physically interfere with the operation of the Well.

The license includes the following incidental rights to use the property: Chevron may enter the CBCN property along existing roads only for the purpose of maintaining, repairing, renewing or repairing a water pipeline from the Well, and access to the Well for maintenance and operations. In exercising these rights, Chevron must use reasonable care and may not unreasonably increase the burden on the CBCN property.

Chevron shall not commit or suffer to be committed any waste on CBCN's property or any nuisance or other acts or thing which may injure or damage CBCN's property, except for ordinary wear and tear.

GENERAL PROVISIONS

Warranty. CBCN does not warrant the specific quantity or quality of water available from the Well, nor the useful life of the well. CBCN shall not be liable for failure of the well to deliver water.

Water Year. Water quantity measurements under this agreement shall be measured on a "Water Year basis." A Water Year means August 1st through July 31st.

Covenant. The covenants, restricts, and provisions herein contained concern the use and responsibility of each party as to their respective interests in the CBCN and Smith Property, including the water rights therein, and shall constitute covenants running with the land within the meaning of California Civil Code Section 1468, binding upon and for the benefit of each party hereto and their respective heirs, executors, administrators, successors, assigns, and Grantees.

Compliance. Chevron agrees to comply with all Federal, State and local laws, regulations, ordinances and permit conditions regarding its operations hereunder.

Indemnification. Chevron shall indemnify and hold harmless CBCN, its agents and employees from and against any and all loss, damage, injury, liability and claim thereof (including attorney's fees) resulting from Chevron's exercise of any rights granted herein, such indemnity shall not apply to the extent it is void or unenforceable under applicable law or where the loss, damage, injury, liability or claim is the result of such indemnitee's sole negligence or willful misconduct.

Maintenance and Costs. CBCN, or its successors or assigns shall be responsible for the maintenance of the Well. All costs associated with maintaining the well and associated equipment shall be shared by Chevron and CBCN in proportion to the amount of water used by each on a month-to-month basis.

Successors and Assigns. The provisions of this Agreement shall be binding on the parties' successors and assigns. If Chevron desires to provide a portion of the water to which it is entitled under the terms of this agreement to third parties (such as Caltrans or the Gaviota Oil and Gas Plant from the Well), it may use the Well to supply such water, provided that: (1) CBCN agrees to such use; (2) the Well shall be subject to the limitations and conditions contained herein; (3) such use shall be at the sole cost, risk and expense of the third party and Chevron; (4) such use shall not increase the liability or obligation of CBCN hereunder; and (5) in no event shall such third party make any claim, directly or indirectly, against CBCN or attempt to hold CBCN liable for any breach of their agreement or other failure of the system.

No partnership. Nothing contained in this agreement and no action by the parties hereto shall be deemed or construed to create the relationship of principal and agent, or a partnership or a joint venture or any association between or among any of the parties hereto.

Severability. If any provision of this agreement is invalid or unenforceable, the remaining provisions of this agreement will not be affected thereby and each provision of this agreement will be valid and enforceable to the fullest extent permitted by law.

Waiver. The waiver by any party of any covenant or promise to be kept or performed by the other party shall not be construed to be a waiver of a subsequent covenant or promise of this Agreement.

Governing Law. This agreement will be construed in accordance with the laws of the State of California.

Captions. The captions of the paragraphs of this agreement are for convenience only and are not intended to affect the interpretation or construction of the provisions contained herein.

IN WITNESS WHEREOF, this WATER USE AGREEMENT has been executed on the dates set forth below.

SUMMARY: This notice publishes the current list of 566 tribal entities recognized and eligible for funding and services from the Bureau of Indian Affairs by virtue of their status as Indian tribes. The list is updated from the notice published on May 6, 2013 (78 FR 26384).

FOR FURTHER INFORMATION CONTACT: Gail Veney, Bureau of Indian Affairs, Division of Tribal Government Services, Mail Stop 4513-MIB, 1849 C Street NW., Washington, DC 20240. Telephone number: (202) 513-7641.

SUPPLEMENTARY INFORMATION: This notice is published pursuant to Section 104 of the Act of November 2, 1994 (Pub. L. 103-454; 108 Stat. 4791, 4792),

and in exercise of authority delegated to the Assistant Secretary—Indian Affairs under 25 U.S.C. 2 and 9 and 209 DM 8.

Published below is a list of federally acknowledged tribes in the contiguous 48 states and Alaska.

Amendments to the list include name changes and name corrections. To aid in identifying tribal name changes and corrections, the tribe's previously listed or former name is included in parentheses after the correct current tribal name. We will continue to list the tribe's former or previously listed name for several years before dropping the former or previously listed name from the list.

The listed Indian entities are acknowledged to have the immunities and privileges available to federally recognized Indian tribes by virtue of their government-to-government relationship with the United States as well as the responsibilities, powers, limitations and obligations of such tribes. We have continued the practice of listing the Alaska Native entities separately solely for the purpose of facilitating identification of them and reference to them given the large number of complex Native names.

Dated: January 22, 2014.

Kevin K. Washburn,

Assistant Secretary—Indian Affairs.
